

INSTRUCTIONS

- This survey is for Gay men, Bisexual men and other men who have sex with men **who live anywhere in Greater London** (which means any of the London Boroughs).
- The survey is about sex between men and the questions are **frank** and **explicit**. Please answer honestly.
- It is being distributed throughout London by health educators and Gay organisations. The findings will be used to inform HIV education across London.
- The survey is occurring once in the late summer 1999, and a second time in late summer 2000. We are hoping to look at changes in the lives of individual men, over the year.
- In order to ensure that we get another questionnaire to you next year we would like your name and address. This is not compulsory and we would like you to fill out the questionnaire even if you can't give us your contact details
- If you are willing to provide us with your contact details we promise:
 - ➔ not to pass them on to anybody else at all, ever.
 - ➔ not to contact you except in relation to this research,
 - ➔ to enter your name in the prize draw for £1,500 worth of holiday vouchers (see back pages for details).

Please fill the survey in once only in 1999, and look out for VITAL STATISTICS (London) in the summer of 2000.

Thanks for your help.
