deferring screening & treatment →

have new sex partners →

silence (or lies) →

open relationships →

anal intercourse →

no condoms →

ejaculation into the body →

using poppers →

not seeking PEP →

← STI/HIV test & treat

← decline, defer or date new partners

← disclosure & negotiation

← monogamy

← non-penetrative sex

← condoms and lubricant

← withdrawal before ejaculation

← not using poppers

← PEP taking

The best sex?

- Unconfident of already having an STI
- Immediate sex with a new partner
- Silent sex
- Open relationships
- Anal intercourse
- Bareback
- Ejaculating into the body
- Using poppers
- Not seeking PEP

The best sex?

- Confident of not having an STI
- No sex, deferred sex or pre-dated sex
- Disclosed and discussed sex
- Monogamous relationships
- Without intercourse
- With condoms
- Ejaculating outside the body
- Not using poppers
- Seeking PEP afterwards

The best sex with least harm?

Confident **or** Unconfident of passing on an STI?
Declined or deferred **or** Sex now with new partner?
Disclosed and discussed **or** Silent?
Monogamous **or** Open relationships?
Non-penetrative **or** Anal intercourse?
Condom **or** Bareback?
Ejaculation in the body **or** Outside the body?
No poppers **or** Poppers?
PEP **or** No PEP?
