

The Sigma Research office is at **77a Tradescant Road**, LONDON, SW8 1XJ. Tradescant Road joins South Lambeth Road twice in a crescent shape and can also be accessed from Clapham Road through Albert Square and Wilkinson Road.

It is 8-10 minutes walk from **Stockwell** underground station and 10-12 minutes walk from **Vauxhall**. It is further again from **Oval** underground station (12-15 minutes walk).

from **STOCKWELL underground station (Victoria and Northern lines)**

Turn left when exiting Stockwell Station and continue along the footpath crossing Binfield Road past the National Westminster Bank and David Cruft Veterinary Surgery on your left and the Stockwell round-about with war memorial, clock and murals on your right. Continue straight ahead down South Lambeth Road crossing Lansdowne Way, passing the large Baptist church and the housing estate on your left. At the next intersection you should have the blue South Lambeth GP practice on your corner, and a small supermarket opposite. Cross to the supermarket and continue down South Lambeth Road for 30 metres turning right into Tradescant Road between Favorite Fried Chicken and The Stockwell Practice. Stay on the right pavement and Sigma is in the first corner of the street set back from the road. You will see two large dark green gates.

from **VAUXHALL (Victoria line; British Rail; Bus Station)**

From the Vauxhall **underground** take **exit number 3** and walk directly ahead under the railway bridge along South Lambeth Place turning right at the end of the street. From Vauxhall **British Rail** take the left exit at the bottom of the stairs, and turn right along South Lambeth Rd. continuing past the Hoist/ Sweat nightclubs and the Host shop. With the Fire nightclub to your back cross the road to the British Interplanetary Society and continue along South Lambeth Road to the right, keeping Vauxhall Park, Fentiman Road, *Travis Perkins, the Great Western Hotel, a long orange building and the Estrella Tapas Restaurant on your left. Ignore the first Tradescant Road turning and continue past Walberswick Road and the Lisboa Bakery. Turn left into Tradescant Road at the Stockwell Partnership. Cross the road into the corner where you will find Sigma Research set slightly back with two large dark green gates.

Alternately from **Vauxhall Cross Bus Station** get a bus (number 88 towards Clapham Common / Old Town or number 2 towards 1West Norwood - both from bay D). GET OFF at the stop after Travis Perkins (the builders merchants) and the Great Western Hotel, towards the end of the long orange building, with the South Lambeth Tate Library over the road on your right (see walking instructions from *Travis Perkins above).

from **OVAL underground station (Northern Line)**

When exiting the station turn right onto Clapham Road heading towards Stockwell (from the other side of the road you could take the 155 bus to Albert Square, journey time 1 min). If walking stay on the right footpath past a number of small streets and Fentiman Road. Continue until you have the large Freemans Catalogue Building with clock on your left and turn into Albert Square. Keep to the right of the square and go down Wilkinson Road. At the end cross diagonally with the church to your left before taking the first turn on the right into Tradescant Road. On your left is a very thin coach house and in 20 metres Tradescant Road splits into 2. Take the left turn and you will find our office 20 metres ahead in the corner of the road, set back a little with two large dark green gates.

By BUS

Many bus services operate through Vauxhall from Victoria, the West End, Aldwych, Waterloo, Elephant & Castle, Camberwell, Brixton, Clapham Junction, Battersea and Wandsworth. For details call 020-7222 1234 or visit <http://journeyplanner.tfl.gov.uk>
