

Bass Line 2008-09 :The African Health and Sex Survey

West Midlands Strategic Health Authority data report (n=401, June 2009)

This document reports data from Bass Line 2008-09, an assessment of the sexual HIV prevention needs of African people, conducted by Sigma Research in collaboration with health promoters throughout England. This data supplements the main report which describes the survey methods and sets the questions in context. That report will be available from late July 2009 at:

www.sigmaresearch.org.uk/go.php/reports/african

The survey

Bass Line 2008-09 used two data collection methods, a self-sealing, Freepost addressed booklet distributed by health promotion agencies and online via a dedicated website. The survey was available in English and French. This report contains data from both methods and both languages. To be included here respondents had to: consider themselves African or African-Caribbean; be aged 16 or over; be in England; and have completed sufficient questions.

Data reports

Data reports provide HIV health promotion planners with information about their local population in as much detail as is possible given the number of people who took part in the survey. This report contains data from African people who live in the West Midlands Strategic Health Authority (SHA). Respondents are grouped according to the Primary Care Trust in which they live. To access other SHA reports, and an all England report with data represented by SHA, go to: www.sigmaresearch.org.uk/go.php/local/african

The tables

Groups of respondents living in the same Primary Care Trust appear as a line in the tables. The bottom line of each table gives the result for the entire West Midlands SHA sample. Tables 1 and 2 show the number of Africans recruited to the survey living in each PCT and the size of the sub-samples in the rest of the tables. The tables show the proportions (%) of each PCT sub-sample in each category of the variable (less missing data). Rows (lines across) add up to 100%.

The contents page identifies the question number (Q) each table is derived from. The questionnaire is available at:

www.sigmaresearch.org.uk/go.php/quests/african

Funding

The survey was funded by African HIV Policy Network as a part of the National African HIV Prevention Programme, which is funded by the Department of Health.

Table

SAMPLE DESCRIPTIONS

1. Primary Care Trust of residence.
2. PCT areas with 20+ respondents (for the rest of the report).
3. Method of recruitment.
4. Gender (Q7).
5. Ethnicity (Q2).
6. Age groups (Q3).
7. Ten most common countries of birth (Q10).
8. Length of time living in the UK (Q13).
9. Educational level (Q14).
10. Religion (Q9).
11. Gender of sexual intercourse partners in the last year (males) (Q7+Q29+Q30).
12. Gender of sexual intercourse partners in the last year (females) (Q7+Q29+Q30).
13. Circumcision (males) (Q7+Q26).
14. Circumcision (females) (Q7+Q26).

HIV AND STI TESTING AND DIAGNOSIS

15. Perceived HIV status (Q17).
16. HIV testing history (Q18+Q19+Q20).
17. Desirability of, and access to, HIV testing (Q22+Q23).
18. Most recent STI test (other than HIV or cervical smears) (Q24).

SEXUAL HEALTH AND HIV RISK BEHAVIOURS

19. Current regular sexual relationships (Q31+Q32).
20. Total number of sexual intercourse partners in the last year (Q28+Q29+Q30).
21. Regularity of condom use in the last year (Q33).
22. Experienced condom failure in the last year (Q34+Q35).
23. Likelihood of sero-discordant unprotected intercourse in the last year (males) (Q38).
24. Likelihood of sero-discordant unprotected intercourse in the last year (females) (Q38).

HIV AWARENESS AND KNOWLEDGE NEEDS

25. AIDS caused by virus called HIV (Q16a).
26. You can not be sure that someone is NOT infected by HIV by looking at them (Q16b).
27. People can have HIV without knowing it (Q16c).

28. There is a medical test that can show whether or not you have HIV (Q16d).
29. Africans are NOT deported from the UK solely because they have HIV (Q16e).
30. There is no cure for HIV infection once someone has it (Q37a).
31. At least 1-in-20 of all Africans living in England have HIV infection (Q37b).
32. There are HIV medicines that can help people with HIV infection (Q37c).
33. HIV medicines work better if people with HIV take them before they become ill (Q37d).
34. HIV is never passed on through shaking hands or touching people (Q37e).
35. A person with HIV can pass it to a partner during sexual intercourse (Q37f).
36. Condoms are free from sexual health clinics, family planning clinics and some community organisations (Q37g).
37. Some people with HIV have been imprisoned in the UK for passing their infection to a sexual partner (Q37h).

OTHER HIV PREVENTION NEEDS

38. I can use condoms with a sexual partner if I want to (Q36b).
39. I sometimes have a problem getting hold of condoms (Q36d).
40. If I carried a condom I would worry about what people thought on me (Q36a).
41. I would find it easy to talk about safer sex and HIV with new sexual partners (Q36c).
42. [Among those who had NOT tested HIV positive] I do not want to get HIV (if I haven't already got it) (Q42a).
43. [Among those who had NOT tested HIV positive] I think I am at risk of getting HIV (Q42b).
44. [Among those who had NOT tested HIV positive] I have the power to reduce my risk of getting HIV (Q42c).
45. Desire for more sexual health and HIV knowledge (Q46).
46. Desire to learn about sexual health and HIV through reading (Q48).
47. Desire to learn more about sexual health and HIV through talking to an individual (Q48).
48. Desire to learn more about sexual health and HIV through taking part in a group (Q48).
49. Heard of PEP (Q 39).
50. Willingness to use PEP [Among those who had NOT tested HIV positive] (Q39+Q41).
